

Vacirton™

18 MONODOSIS
MONODOSES

WHAT IS VACIRTON?

Vacirton is a diet complement which gathers in one product all the main natural components responsible for the right operation of the return circulation, and it is the best anti-oxidant nowadays.

PRESENTATION

Box containing 18 monodose vials.

COMPOSITION

Vaccinium myrtillus (Myrtle), Rutin, Aloe Vera, Vitis Vinifera (Red grapevine), Melilotus Officinalis (Sweet clover), Aesculus Hippocastanum (Horse chesnut), Ruscus Aculeatus (Ruscus), Hamamelis Virginiana (Hamamelis), Ginkgo Biloba, Salix Alba (Willow), Vitamins A, B1, B2, B3, B6, B12, C, K3, Resveratrol.

WHICH ARE ITS ACTIVE PRINCIPLES?

Its active principles are the richest in Flavonoids, Bioflavonoids and Antocinianos with P-vitamic action, capillary protector, venous tonic and it favours the venous return.
The **resveratrol** is the most powerful anti-oxidant with cardio-vascular action and general anti-ageing.

WHICH ARE ITS EFFECTS?

Improves the state of venous-lymphatic system return.
Capillary protector.
Significant Improvement of the following symptomatology: heavy legs, tiredness, coldness, cramps and tingling in lower extremities.
Cardio-vascular protector, anti-oxidant, free anti-radical.

USE RECOMMENDATIONS

We recommend taking one Vacirton vial a day, best in the mornings.
